

Weather Effects

Name: _____

Instructions: Research one type of weather event. Determine causes and effects that are related to your weather event. For each cause, write matching effects. Draw more arrows to show additional effects. Write about these effects.

Example

My weather event: _____

Cause	Effect	Additional Effects
_____	→ _____	
_____	→ _____	
_____	→ _____	
_____	→ _____	

Choose one group of causes and effects and explain the relationship between the causes and effects.
